

Application No.: 10/608581

Docket No.: TOW-029

AMENDMENTS TO THE SPECIFICATION

Please amend the title as follows:

Fuel Cell With Improved Separators And Circular Disk-Shaped Electrolyte Electrode Assemblies

Please replace the last paragraph on page 11 with the following:

A plurality of (e.g., 16) the electrolyte electrode assemblies 56 are interposed in a first space S1 between a pair of separators 58 to form the fuel cell 10. The electrolyte electrode assemblies 56 are arranged along an inner circle P1 and an outer circle P2 which are concentric with the circular hole 44 formed at the center of the separators 58. The inner circle P1 passes through centers of eight inner electrolyte electrode assemblies 56, and the outer circle P2 passes through centers of eight outer electrolyte electrode assemblies ~~58~~56.
